

Health Alert: Novel Coronavirus

What You Need To Know

#1

**Do you have symptoms of novel Coronavirus?
Symptoms include: fever, cough, difficulty breathing.**

#2

Have you recently traveled to Wuhan City, Hubei Province, China, or other outbreak areas?

#3

**If you answered yes to BOTH of these questions, then:
Seek medical care right away. Call your healthcare provider BEFORE arriving and tell them your symptoms and travel history.**

Ways To Stay Healthy

Wash your hands

for 20 seconds in warm soapy water-or use hand sanitizer

Cough/Sneeze in your sleeve or tissue

- then wash your hands

Stay home if you're sick

Avoid close contact with others.

Get your flu shot

It's not too late to protect yourself from the common flu.
