RE: Right of Access Agreement

ABB Installation Products, Inc. (ABB IP), the company that currently owns the 800 Mogadore Road site, is continuing its work on the remediation of legacy environmental contaminants associated with the former RB&W site. The remediation activities are being conducted in collaboration with the Ohio Environmental Protection Agency (OEPA) through the OEPA Voluntary Action Program Memorandum of Agreement (VAP MOA) process.

In 2019, Kent City Council authorized its second access agreement with ABB IP to grant the company access to City-owned property adjacent to the Cuyahoga River to allow for remediation and restoration activities associated with the off-site migration of subsurface petroleum in an area identified as "Off-Property Area of Interest-1 (OPAI-1)" (see Section 1 "Grant of Access" of the attached agreement).

ABB IP has several identified OPAI's (see attached site map) that are continually monitored and sampled to identify any change in conditions that may warrant mediation action. Recent testing of near surface sediments in OPAI-3 and OPAI-6 (highlighted in yellow on attached site map) have been identified as having the potential to generate a sheen in the water when these areas are disturbed. In order to mitigate this concern, the OEPA has granted approval to APP IP to use divers and/or small equipment to remove approximately 0.5-2.5 thick sections of sediment in these areas that are above an underlying clay layer.

The work will be conducted on the same parcels included in the 2019 access agreement. The agreement, however, specified only OPAI-01 so this unauthorized item will authorize ABB IP access to OPAI-03 and OPAI-06. Since the work will require some site disturbances, including the removal of some trees, ABB IP is conducting a tree survey in these areas to ensure appropriate replacement and restoration of any removed trees. Tree removal, however, is prohibited in Ohio from April 1st through September 30th to protect bat habitats so approving this unauthorized item on March 17, 2021 will ensure that access is granted to allow for the timely removal of trees.

I am respectfully requesting Council approve this unauthorized item in order to grant access to OPAI-3 and OPAI-6 as part of the 2019 "Property Access Agreement" between ABB IP and the City to ensure the timely completion of the necessary site preparation, remediation, and tree/site restoration activities in order to safeguard the Cuyahoga River, adjacent City of Kent property, and regional bat habitats.

Please let me know if you require any additional information in order to add this unauthorized item to the agenda.

Thank you.
